

The Libertarian Party and the Green Party are NOT Constitutional Third Parties

The Logo above is the Political and Religious Beliefs of Yours Truly!

The Libertarian Party is no longer the party of principal and of the Constitution! It has been hijacked by Globalists and Republicans starting in 2008 with their Presidential Candidate Bob Barr (Robert Laurence Barr, Jr. Born: November 5, 1948; age 67), a former Congressman. Bob Barr represented Georgia's 7th congressional district as a Republican from 1995 to 2003. The Vice Presidential Candidate was Wayne Allyn Root (Born July 20, 1961 - age 54), an American businessman, politician, television and radio personality, author, television producer and political commentator. Root was a longtime Republican Party member and supporter who self-identified as a Libertarian Republican. In 2007, Root joined the Libertarian Party and was the 2008 Vice Presidential Candidate for the Libertarian Party! Then he became a Republican AGAIN in 2012! How convenient! He had stated many times; especially on the Sunday Night Talk Radio Show "Bill Cunningham" his intention to run for the U.S. Senate from Nevada in 2016 to replace the retiring Harry Reid, but he did not do so.

As you will see here, 2016's Libertarian Party Vice Presidential Candidate is NOT Libertarian, but shows he is a Progressive Republican Globalist Fascist!

William Floyd Weld (born July 31, 1945, will be 72 on 7/31) is GLOBALIST with fascist and communist Anti Constitutional tendencies as you will see!

The Libertarian Party and the Green Party are NOT Constitutional Third Parties: Page 2

- Weld wants the United States of America to STAY in the UNITED NATIONS, who wants nothing more to destroy the United States and abolish the 2nd Amendment and have all Firearms seized from all American Citizens! Weld supports continued U.S. membership in the United Nations!,
- Weld is a long-time member of the New World Order's Council on Foreign Relations (CFR). This link lists people, some from both the Republicans and Democrats who are members of the CFR!
https://en.wikipedia.org/wiki/Members_of_the_Council_on_Foreign_Relations
- On a side note; 2016 Libertarian presidential candidate Gary Johnson dodged that very question (should the United States withdraw from the UN?) during the Libertarian Party's Presidential Debate! SHAME ON YOU GARY JOHNSON YOU SWINE!
- Weld was a "vocal proponent of the Iraq War which started March 2003," which was not only Unconstitutional but the lies about "Weapons of Mass Destruction" and remember, Iraq NEVER attacked the United States and NEVER was a threat.
- Weld signed a letter in support of the NAZI-FASCIST-COMMUNIST PATRIOT Act in 2005, which of course this Unconstitutional Raping of American's Rights, Freedoms and Liberties! YOU do the research, but this link shows PROOF!
<http://www.centerforsecuritypolicy.org/2005/12/21/50-patriot-act-supporters-warn-against-acts-lapse-2/>
- Weld even backed Democrat Barack Hussein Obama Soetoro Sobarkah for president in 2008!
- Weld supported fellow Republican & Globalist Mormon Mitt "Willard" Romney in 2012.
- Weld's is for the integration of the United States into a proposed North American Union (A Bush – Clinton Family Doctrine!), eliminating American national sovereignty in the process! Real Libertarians of the past were for LIMITED GOVERNMENT and NO to the North American Union! Take a look at this link
<http://www.thenewamerican.com/usnews/politics/item/23320-libertarians-pick-for-vp-is-a-globalist-liberal>
- Weld as well as Gary Johnson (2016 Libertarian Party Presidential Candidate) are (like both the Republicans & Democrats going back to Teddy Roosevelt, Woodrow Wilson & their Racist friend Margaret Sanger) PRO UNBORN BABY KILLERS!
- In August of 1997, Weld admitted that while partial-birth abortion was terrible, he still would not ban it!
- William Weld launched his political career as a lawyer on the House Judiciary Committee Watergate Impeachment inquiry (Nixon), where he was a colleague with Hillary Diane Rodham, who most likely will be the 45th and next President.

Yes America, the Libertarian Party is no longer a genuine Constitutional 3rd Party, but has joined the 4 Stooges of Globalism! (Democrats, Republicans, the "Libertarian" Party and the Green Party). There is a lot more that can be said and this article has not even covered the Libertarian Party 2016 Candidate Gary Johnson, but what is presented here should be beyond any doubt and proof that there is nothing Libertarian about this party!

Now we have Dr. Jill Stein (Jill Ellen Stein: born May 14, 1950 – Age 67) of the Green Party! Dr. Stein is a physician, an activist, and a politician. As of this article she is the Green Party's presumptive nominee for President of the United States in the 2016 Election. Dr. Stein was the nominee of the Green Party for President of the United States in 2012 and was twice a candidate for Governor of Massachusetts; in 2002 and 2010.

After receiving 469,501 votes in 2012; more than any other female general election candidate, Dr. Stein announced the formation of an exploratory committee in February 2015 to seek the Green Party's 2016 presidential nomination. On June 22, 2015, during an appearance on Democracy Now!, Dr. Stein formally announced she would seek the Green Party's 2016 presidential nomination.

In my opinion, as you will see why, Dr. Stein is part of the 4 Stooges! (Stein, Johnson, Clinton & Dump the Trump). I have seen enough of Dr. Stein's Twitter and Facebook Posts and seen her on MSNBC and Democracy Now! and:

- Dr. Stein is for TAKING OUR GUNS AWAY under the guise of "Gun Control". Dr. Stein's Tweets & Facebook posts PROVE IT! I have many times publicly protested Stein's tweets on my Twitter and Facebook Accounts! With Stein being an anti gun Fascist-Communist, and has showed to be Anti Gun, I do not have to go on a long essay on her like William Weld! For Dr. Stein to want to take America's right to Self Defense away is enough! Especially that Stein claims to be an Environmentalist and she should be promoting her fans to arm themselves to defend themselves and their properties and the ORGANIC FOOD that they grow and the food supply they STORE! As far as I am concerned, Stein and Weld are in the same political pot!**

I do see as this once great nation declines and eventually perishes, Libertarians working with Republicans and the Green Party working closer with the Democrats!

America, once again, YOU BLEW IT!
